RAISING THE BENCHMARK: REGULATION AFFECTING PRECIOUS METALS MARKETS

Sakhila Mirza

General Counsel and Executive Board Director
London Bullion Market Association

In her role as General Counsel of the London Bullion Market Association and also an executive member of the LBMA Board, Sakhila has been involved in, and taken the lead on a number of projects of the association. This has included, but not limited to: working closely with the CEO on the strategic direction of the LBMA; transitioning all of the four precious metals benchmarks onto electronic platforms by working with the service providers as well as regulators; leading the draft and launch of the Precious Metals Code; working with external service providers to enhance transparency in the precious metals market by launching the LBMA trade reporting initiative; and providing for lobbying efforts on behalf of members on a number of issues.

In addition to this, Sakhila takes responsibility for all the legal and regulatory work of the association and that of London Precious Metals Clearing Limited (LPMCL). She is involved in setting policies and leading the incident management process within the LBMA by working with various external stakeholders to help with decision making. She continues to educate all such stakeholders on the dynamics of the bullion market and all the work undertaken by the LBMA.

Sakhila brings with her a wealth of experience, having previously worked in the energy and commodities industry where she dealt with compliance, legal and regulatory matters. Sakhila read law at the London School of Economics and went on to qualify as a solicitor.

THE BULLISH CASE FOR GOLD

Martin Murenbeeld

Principal
Murenbeeld & Company

Dr. Murenbeeld graduated from the University of California, Berkeley, in 1972 with a PhD in international finance. He then joined the faculty of Management Studies at the University of Toronto to develop the international business curriculum in the MBA program. He left the faculty in 1978 to start M. Murenbeeld & Associates Inc. The company moved from Toronto to Victoria in 1989, where it continued to consult international clients on developments in the gold, foreign exchange and credit markets, and international economic trends.

Dr. Murenbeeld provides analysis and advice on economic and financial developments, with special emphasis on North American interest rate and currency market trends—and on trends in the gold market. Reports include the Economic Monitor, which forecasts general economic trends occurring in North America and abroad, the Market Monitor, which covers developments in equity and capital markets in North America, the Gold Monitor, which forecasts gold market trends, the Financial Monitor, which forecasts economic, interest rate and foreign exchange market trends, and the Bond and Stock Monitor, which assists with decisions related to asset allocation.

Dr. Murenbeeld has over 30 years of independent consulting experience in the gold, currency and credit markets and is currently also an adjunct professor (international finance) in the faculty of Business at the University of Victoria.

THE OUTLOOK FOR GOLD DEMAND - OPPORTUNITIES AND CHALLENGES IN 2018 AND BEYOND

John Reade

Chief Market Strategist
World Gold Council

John Reade joined the World Gold Council in February 2017 as Chief Market Strategist. John is responsible for producing strategy and developing insights on the gold market; leading global dialogue by engaging with leading economists, academics, policy makers, fund managers and investors on gold; and leading the Council's research team.

John has over 30 years experience in the gold industry and related fields, most recently as a partner and gold strategist with Paulson & Co. for the past seven years. Prior to that, John worked as a precious metals strategist at UBS for 10 years; a gold equity analyst in South Africa for five years; and over eight years held various positions in production and project evaluation in the gold division of Gencor, then a leading South African mining house.

John has a degree in Mining Engineering from the Royal School of Mines, a constituent of Imperial College, London.
